INCOTERMS 2010

(International Commercial Practices Commission)

Sending goods from one country to another, as part of a commercial transaction, can be a risky business. If they are lost or damaged, or if delivery does not take place for some other reason, the climate of confidence between parties may degenerate to the point where a lawsuit is brought. However, above all, sellers and buyers in international contracts want their deals to be successfully completed. If, when drawing up their contract, buyer and seller specifically refer to one of the ICC Incoterms, they can be sure of defining their respective responsibilities, simply and safely. In so doing they eliminate any possibility of misunderstanding and subsequent dispute.

The eighth published set of predefined terms, Incoterms 2010 defines 11 rules, reducing the 13 used in Incoterms 2000 by introducing two new rules ("Delivered at Terminal", DAT; "Delivered at Place", DAP) that replace four rules of the prior version ("Delivered at Frontier", DAF; "Delivered Ex Ship", DES; "Delivered Ex Quay", DEQ; "Delivered Duty Unpaid", DDU). In the prior version, the rules were divided into four categories, but the 11 pre-defined terms of Incoterms 2010 are subdivided into two categories based only on method of delivery. The larger group of seven rules applies regardless of the method of transport, with the smaller group of four being applicable only to sales that solely involve transportation over water.

Rules for Any Mode(s) of Transport
The Seven Rules defined by Incoterms 2010 for any mode(s) of transportation are:

**EXW EX WORKS** (named place of delivery)
The seller makes the goods available at its premises. This term places the maximum obligation on the buyer and minimum obligations on the seller. The Ex Works term is often used when making an initial quotation for the sale of goods without any costs included. EXW means that a seller has the goods ready for collection at his premises (works, factory, warehouse, plant) on the date agreed upon. The buyer pays all transportation costs and also bears the risks for bringing the goods to their final destination. The seller doesn't load the goods on collecting vehicles and doesn't clear them for export. If the seller does load the good, he does so at buyer's risk and cost. If parties wish seller to be responsible for the loading of the goods on departure and to bear the risk and all costs of such loading, this must be made clear by adding explicit wording to this effect in the contract of sale.

**FCA FREE CARRIER** (named place of delivery)
The seller hands over the goods, cleared for export, into the disposal of the first carrier (named by the buyer) at the named place. The seller pays for carriage to the named point of delivery, and risk passes when the goods are handed over to the first carrier.

**CPT CARRIAGE PAID TO** (named place of destination)
The seller pays for carriage. Risk transfers to buyer upon handing goods over to the first carrier.

**CIP CARRIAGE AND INSURANCE PAID TO** (named place of destination)
The containerized transport-multimodal equivalent of CIF. Seller pays for carriage and insurance to the named destination point, but risk passes when the goods are handed over to the first carrier.

**DAT DELIVERED AT TERMINAL** (named terminal at port or place of destination)
Seller pays for carriage to the terminal, except for costs related to import clearance, and assumes all risks up to the point that the goods are unloaded at the terminal.

**DDP DELIVERED DUTY PAID** (named place of destination)
Seller is responsible for delivering the goods to the named place in the country of the buyer, and pays all costs in bringing the goods to the destination including import duties and taxes. This term places the maximum obligations on the seller and minimum obligations on the buyer.
DAP DELIVERED AT PLACE (named place of destination)
Seller pays for carriage to the named place, except for costs related to import clearance, and assumes all risks prior to the point that the goods are ready for unloading by the buyer.

Rules for Any Mode(s) of Transport  ICC Publication 715
The Four Rules defined by Incoterms 2010 for international trade where transportation is entirely conducted by water are:

FAS FREE ALONGSIDE SHIP (named port of shipment)
The seller must place the goods alongside the ship at the named port. The seller must clear the goods for export. Suitable only for maritime transport but NOT for multimodal sea transport in containers see Incoterms 2010, ICC publication 715). This term is typically used for heavy-lift or bulk cargo.

CFR COST AND FREIGHT (named port of destination)
Seller must pay the costs and freight to bring the goods to the port of destination. However, risk is transferred to the buyer once the goods are loaded on the vessel (this rule is new!). Maritime transport only and Insurance for the goods is NOT included. This term is formerly known as CNF (C&F).

FOB FREE ON BOARD (named place of shipment)
The seller must load the goods on board the vessel nominated by the buyer. Cost and risk are divided when the goods are actually on board of the vessel (this rule is new!). The seller must clear the goods for export. The term is applicable for maritime and inland waterway transport only but NOT for multimodal sea transport in containers (see Incoterms 2010, ICC publication 715). The buyer must instruct the seller the details of the vessel and the port where the goods are to be loaded, and there is no reference to, or provision for, the use of a carrier or forwarder. This term has been greatly misused over the last three decades ever since Incoterms 1980 explained that FCA should be used for container shipments.

CIF COST, INSURANCE AND FREIGHT (named port of destination)
Exactly the same as CFR except that the seller must in addition procure and pay for the insurance. Maritime transport only.

Duties of buyer/seller according to Incoterms 2010
